1. Scope

This guide describes how to mount up to two Cato Socket X1500 and their power adapters on the shelf of a Cato Networks rack mounting kit.

2. List of Rack Mount Kit Parts

The Cato Socket X1500 mounting kit contains the following parts:

The letters in the Reference Key column below are used in this guide to designate the various parts.

Reference Key	Picture	Description
A		Shelf for mounting up to two Cato Socket X1500s and their power adapters.
B		Cato Socket X1500 Power adapter brackets (x2)
C		Cato Socket X1500 side brackets (x4)
D		Screws (x12)

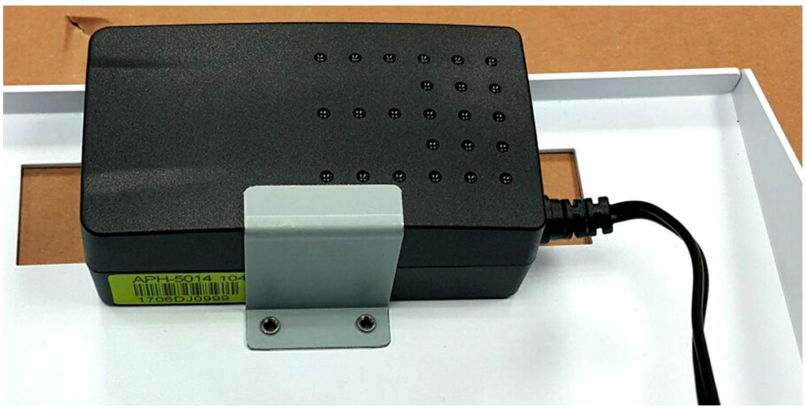
3. Mounting the Cato Socket Components on the Shelf

3.1 Mounting the Cato Socket X1500 Power Adapter

To mount the Cato Socket X1500 Power Adapter on the shelf:

1. Place a power adapter at the rear of the shelf (A) between the left or right pair of holes.

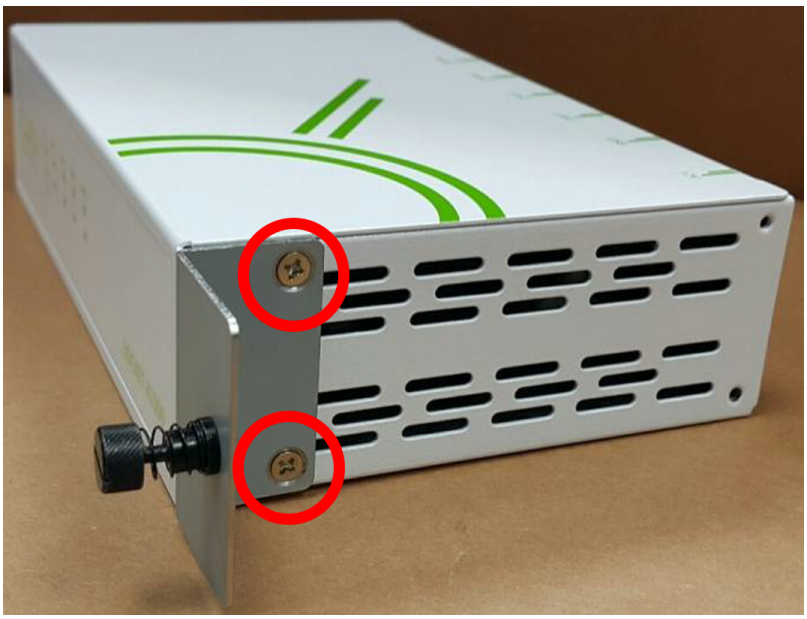
2. Position a power adapter bracket (B) on the power adapter and align the bracket's screw holes with the shelf screw holes. Secure the power adapter bracket to the shelf using two screws (D).



3.2 Mounting the Cato Socket X1500

To mount the Cato Socket X1500 on the shelf:

1. Use two screws (D) to secure a Cato Socket X1500 side bracket (C) to the right side of the Cato Socket X1500.



2. Use two screws (D) to secure the second Cato Socket X1500 side bracket (C) to the left side of the Cato Socket X1500.

3. Place the Cato Socket X1500 with the side brackets at the front of the shelf and secure to the shelf using the side bracket thumb screws on both sides.

To mount another Cato Socket X1500 and its power supply in the shelf, repeat the steps in Section 3.1 - Mounting the Cato Socket X1500 Power Adapter and Section 3.2 - Mounting the Cato Socket X1500

4. The shelf is now ready for installing in a standard rack.
